

The existing rules in the Lobbyists' Code of Conduct seem to me to allow far too much in the way of federal, governmental manipulation. I support the revisions to the Lobbyists' Code of Conduct proposed by Karen E. Shepherd.

It is my opinion that; the House of Commons Standing Committee on Access to Information, Privacy and Ethics is well suited and mandated by the Charter of Rights and Freedoms to do all in their power to expedite and facilitate the enactment of these revisions, these revisions are required for the Lobbyists' Code of Conduct to meet the standards set out in the Charter of Rights and Freedoms.

To the extent that I understand these revisions and the Lobbyists' Code of Conduct, I believe these revisions are as well timed as plausible and must be equally supported by all parties.

Thank you very much for your' time,

Kyle Billing
